ISOframe – Large Reception Counters

The Mark Bric ISOframe program now includes a modular system of large reception counters, which can be individually designed to fit any reception area or trade show stand. Choose one of our complete counter units – straight or curved - with wooden top and inner shelves in black finish, or customize your counter by combining different counter sections into a unique shape. All of our reception counters offer a stylish solution at a reasonable price, with no compromise on quality.

A curved 7-section custo-
mized counter unit.

Approx. size: 3m (w) x 2m (d)
/ 118" (w) x 78" (d)

Carrying bags and graphic cases are available.

FASTclamp

The ISOframe counters have an easy and tool-free assembly thanks to our unique and patented FASTclamp connector.

Useful inner shelving

The standard counter units include 1 inner shelf for each section. More shelves can be added and purchased extra.

Double sided graphics

The counter units can be prepared and delivered for using graphic panels on both sides. Please state when placing the order.

Easy mounting in a few steps

Standard units

3-, 4- and 5-section counter units (straight or 30-degree curve) serve as our standard units. Delivered complete with framework, top shelves and 1 inner shelf/section.

A curved 5-section standard counter unit. Approx. size: 3m (w) x 1,4m (d) / 118" (w) x 55" (d)

A straight 3-section standard counter unit. Approx. size: 2,5m (w) x 0,5m (d) / 98" (w) x 20" (d)

Customized units

Combine curved and straight sections to build your own unique reception counter. 12 curved sections make a full circle.

An S-curved 6-section customized counter unit. Approx. size: 4,1m (w) x 1m (d) / 161" (w) x 39" (d)

ISOframe – Shelving System

A new and smart system for attaching shelves to the ISOframe backwalls and trade show stands. Choose number of shelves and their position in line with your needs and requirements. One more useful addition to the highly versatile ISOframe system.

The wooden shelves are in an attractive black finish and available in a straight or 22,5° curved shape.

Shelf holders (brackets) are equipped with pre-mounted velcro tape for holding the shelves in place. Screws can be added for a fixed mounting.

Please note: Free-standing wall units may need an extra support for securing stability. Please contact us for our recommendations.
